1. Executive Summary

1.1 To provide the Committee with their routine risk management update.

2. Recommendations

2.1 That Members note the risk management update and receive assurance on actions taking place to manage the Council's most significant risks.

3. Background

- 3.1 The purpose of risk management is to effectively manage potential opportunities and threats to the Council achieving its objectives. Part of the Audit & Member Standards Committee's terms of reference is 'to monitor the effectiveness of the Council's risk management arrangements, including the actions taken to manage risks and to receive regular reports on risk management'. This report supports the Committee in achieving this objective.
- 3.2 The strategic risk register is produced by assessing the risk factors that could potentially impact on the Council's ability to deliver its strategic plan. This assessment ensures that there are the right measures in place to control the potential risks to our business objectives. Risks are assessed based on their likelihood of occurrence and their potential impact. Each of these are rated on a scale of 1 (Low), 2 (Medium), 3 (Significant) and 4 (High). By multiplying the two scores together, each risk receives a score.
- 3.3 The Strategic Risk Register was considered by Leadership Team on 2nd November 2022 and is detailed at **Appendix 1** The key changes since the Committee's last risk update (July 2022) are:
 - SR1 (Pressures on the availability of finance may mean the Council is not able to deliver the key priorities of the strategic plan). The risk has been regularly reviewed by Leadership Team and has a rating of 9 (3 Likelihood x 3 Impact). Whilst the MTFS was approved, 22nd February 2022 there is ongoing uncertainty over the supply of goods and services, increasing energy costs and the impact on Local Government of the Autumn Statement on 17 November 2022. To reflect this opinion we have made specific reference to 'cost of living/fuel and construction costs' within the register. This risk has been reviewed monthly by Leadership Team.

This is the only strategic risk that is currently above the Council's risk appetite. However, over time and in response to funding settlements this migrates between being above and below the risk appetite threshold.

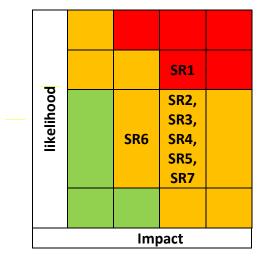

Audit and Member Standards Committee

- SR2 (Resilience of teams to effectively respond to a further serious disruption to services). Leadership Team have continued to monitor this risk on a monthly basis and we agreed to remove COVID specific risks relating to the resilience of teams and inclusion of mitigation controls from SR8. This risk continues to be monitored in relation to teams being able to react and manage ongoing service delivery. Following discussions with Leadership Team we have increased the 'original score' from 8 (L2 x I4) to 12 (L3xI4), this reflects the ongoing risks affecting the council due to management changes. The current score remains within the risk appetite of the council 6 (L2xI3).
- SR3 (Capacity and capability to deliver / adapt the new strategic plan to emerging landscape) Leadership Team are currently monitoring the situation with regards to the development of senior management team and leavers from the authority. This however now includes areas of Strategic Risk 8 (which has been removed from the register) and is being reviewed via a data driven approach to highlight areas of concern and ensures resources are maintained to deliver Council priorities and services. Due to the arrangements in place around appointment to strategic level roles and active recruitment this risk now reflects the target score of 4 (L2xI2) and the current score has been lowered from 6 (L2xI3) to 4 (L2xI2).
- SR4 (Failure to meet governance and/or statutory obligations e.g., breach of law)). The mitigating controls have been reviewed in respect of the embedding of both Procurement and Governance Teams into the authority. The Council has also transitioned into the provision of a Data Protection Officer employed internally to the Council. It was agreed by Leadership Team that the target score be reduced from 6 (L2xI3) to 3 (L1xI3). During the period July to October 2022 Leadership Team continued to monitor this risk and reassessed the current score from 6 (L2xI3) to 3 (L1xI3).
- SR5 (Failure to adequately respond to the wider socio-economic environment over which the Council may have little control, but which may impact on the growth and prosperity of the local area). Leadership Team are monitoring the situation together with SR2. The score for this risk has been increased from 4 (L2 xl2) to 6 (L2 x l3), however during the period July to October 2022 this risk was reassessed and the current score lowered from 6 (L2xl3) to 3 (L1xl3).
- SR6 (Failure to innovate and build on positives/opportunities/learning arising (including from the Covid-19 situation) to maximise outcomes for the Council). This risk was discussed at Leadership Team at its meetings on 2nd November 2022 and it was decided and agreed by management to remove this risk from the council's strategic risk register. This was due to the implementation of council driven exercises in respect of Council Office refurbishment and implementation of 'agile' working. This risk has therefore been removed from the risk register.
- SR7 (Threat to the Council's ICT systems of a cyber-attack). This risk has been re-evaluated due to
 the current geopolitical situation and the perceived risks from 'state' players in this area and the
 impacts encountered by the Council. During the period July to October 2022 the current score was
 increased to 12 (L3xI4), however at its meeting in November 2022 Leadership Team reduced the
 current score to 8 (L2xI4) Leadership Team continue to monitor both external information received
 and compare this to the affects which are impacting on the council's services. To date there have
 been no recorded incidents of Lichfield District Council specific cyberattacks. However the Council
 and Leadership Team continually review the situation and adjust the scoring and mitigating, as
 appropriate, to protect council assets and continued service delivery..
- SR8 (Being a Better Council the Council is not able to deliver the key priorities of the strategic plan) Leadership Team discussed this risk at their meeting on 22nd June 2022. Due to the overarching nature of this risk the mitigating controls were also included with strategic risks SR2 & SR3 therefore Leadership Team have asked for a rationalised version of the strategic risk register and the removal of this risk. This risk has been removed from the risk register.
- Updates to mitigating controls, actions and lines of assurance have been updated on the Register where applicable.

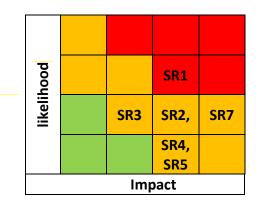

• 'Other Horizon Scanning Risks Arising at October 2022' (at the end of the register) are risks which are not strategic risks currently, but that need a 'watching brief' have been reviewed and updated.

All changes have been highlighted on the Strategic Risk Register at Appendix 1.

3.5 The Council's 7 strategic risks as at June 2022 are shown below:

To provide clarity over the changes since June 2022 the table below shows the scoring of the 6 current strategic risks as at October 2022 with SR6 now removed (existing numbering of remaining strategic risks will be retained) and are shown below

As outlined by the Council's Chief Executive at the last Audit & Member Standards Committee, Leadership Team take risk management extremely seriously and continually assess the risks faced by the Council. The overall aim to reduce the current scores by the use of mitigating control and robust management processes, progress has been made since the last Audit & Member Standards Committee meeting and strategic risks will continue to be reported quarterly.

- **SR1:** Pressures on the availability of finance may mean the Council is not able to deliver the key priorities of the strategic plan.
- **SR2:** Resilience of teams to effectively respond to a further serious disruption to services.
- SR3: Capacity and capability to deliver / adapt the new strategic plan to emerging landscape.
- SR4: Failure to meet governance and / or statutory obligations e.g. breach of the law.
- **SR5**: Failure to adequately respond to the wider socio-economic environment over which the Council may have little control, but which may impact on the growth and prosperity of the local area.
- **SR7**: Threat to the Council's ICT systems of a cyber-attack.

- 3.6 Work to review of the effectiveness of our sub strategic (service / operational) and project risk has now been completed. In summary:
 - The 3 lines of assurance approach (as used in the Strategic Risk Register) has now been adopted for sub-strategic risks (i.e. service level risks).
 - Quarterly update meetings have been scheduled with Leadership Team and Audit Manager (Shared Service).
 - There is no longer a requirement to record and manage risks below service level (services or teams are, however, at liberty to do so if it meets their business requirement).
 - Project risks continue to be managed in accordance with accepted project methodology (i.e. PRINCE2).
 - At this stage, no sub strategic risks need to be escalated to the strategic risk register

Alternative Options	There are no alternative options.
Consultation	Leadership Team receive monthly updates on Strategic Risk Register
Financial Implications	Risk management processes consider value for money at all times of the process. Failure to manage risks could lead to the Council being faced with costs that could impact on its ability to achieve its objectives.
Approved by Section 151 Officer	Approved.
Legal Implications	None identified.
Approved by Monitoring Officer	Approved
Contribution to the Delivery of the Strategic Plan	Sound risk management ensures that risks affecting the delivery of the strategic plan are identified and managed.
Equality, Diversity and Human Rights Implications	Sound risk management ensuring a consistent and robust approach all equality, diversity and human rights issues and their implications to the Council.
Crime & Safety Issues	None.
Environmental Impact	Risk arising from climate change and the green agenda are considered by management and Leadership Team.
GDPR/Privacy Impact Assessment	Risks associated with non-compliance with GDPR are included within SR4: Failure to meet governance and / or statutory obligations e.g., breach of law (e.g., Health & Safety, GDPR, procurement, Safeguarding).

	Risk Description & Risk Owner	Original Score (RYG)	How We Manage It	Current Score (RYG)					
А	Failure to manage known risks and opportunities proactively. Leadership Team	Likelihood: Green Impact: Red Severity: Red	Strategic risks are closely monitored by the Audit & Member Standards Committee, Cabinet Member and Leadership Team.	Likelihood: Green Impact: Yellow Severity: Green					
	Leadership Team		Reports to Audit & Member Standards Committee provide assurance that active steps are being taken to control risks.

Other Horizon Scanning Risks Arising October 2022:

Impact on the organisation arising from the devolution / local recovery white paper which was due in September 2020 and has now been postponed to 2021. Not a strategic risk at present, to include as a horizon scan until more information is known and impact on operations can properly be assessed.

Impact on Council activities via the Government's legislative timeframes and planning activities arising from the Planning Bill detailed in the Queen's Speech.

Elections review by Association of Electoral Administrators (AEA) and challenge around legislation in the reduction of time for provision of elections (Voter Registration no guidance until November 2022).

To balance the delivery of service specific objectives against the priorities and demands from Members/Cabinet to ensure continued alignment with Strategic Plan.

Impact of withdrawal of government support measures (furlough), Universal Credit and implications for businesses and residents.
