

CABINET MEMBER DECISION

15th February 2023

KEY DECISION: YES

FUEL SUPPLY FRAMEWORK AWARD

1. Decision:

- 1.1 The Cabinet Member for Waste & Recycling awarded the Framework to the following Suppliers (in ranking order) for 36 months with 12-month optional extension:

BWOC	1 st – 86%
Certas Energy UK Ltd	2 nd – 85.3%
Rix Petroleum (Hull) Ltd	3 rd – 82.4%
New Era Fuels Ltd	4 th – 73.8%

2. Statement of Reasons:

- 2.1 There is an on-going requirement for the supply of fuel for use by the Joint Waste Services and other Operational Services vehicles
- 2.1 We are seeking approval to award this Framework to ensure that there is a multi-year agreement in place to ensure continuity of supply and price competition
- 2.2 The Framework will allow the Joint Waste Service to obtain prices on a mini – competition basis, or direct award in urgent / emergency situations

3. Any Alternative Options:

- 3.1 Do nothing – This would not meet the operational needs of the service and would result in repeated service failure.
- 3.2 There is no current compliant agreement in place and quotes are currently obtained as and when required –in breach of CPR's and PCR2015, potentially leaving the council at risk of legal challenge.
- 3.3 Re-run the procurement exercise
