## Introduction and Scope of responsibility

Lichfield District Council is responsible for ensuring that:

- business is conducted in accordance with the law and proper standards,
- public money is safeguarded, properly accounted for and used economically, efficiently and effectively.
- risk is properly managed as part of the governance arrangements.

To ensure effective governance the Council has adopted a Code of Corporate Governance, which is consistent with the principles of the CIPFA (Chartered Institute of Public Finance and Accountancy)/SOLACE (Society of Local Authority Chief Executives) Framework 'Delivering Good Governance in Local Government' (2016).

## The Governance Statement

This Governance Statement explains how the Council has complied with the Code. It also meets the requirements of the Accounts and Audit (England) Regulations 2015, which requires all relevant bodies to prepare an Annual Governance Statement.

In this document the Council:

- acknowledges its responsibility for ensuring that there is a sound system of governance;
- summarises the key elements of the governance framework and the roles of those responsible for the development and maintenance of the governance environment;
- describes how the Council has monitored and evaluated the effectiveness of its governance arrangements in the year, and on any planned changes in the coming period;
- provides details of how the Council has responded to any issue(s) identified in last year's governance statement; and
- reports on any key governance matters identified from this review and provides a commitment to addressing them.

The Annual Governance Statement reports on the governance framework that has been in place for the year ended 31st March 2023 and up to the date of approval of the statement of accounts.

# The Governance Framework

The governance framework comprises the culture, values, systems and processes by which an organisation is directed and controlled. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate services and value for money.

The system of internal control is a significant part of the framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.

The system of Internal Control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council’s policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

# The Principles of Good Governance

The Council aims to achieve good standards of governance by adhering to the seven core principles in the diagram below, which form the basis of the Council’s Code of Corporate Governance:

The following pages provide a summary of actions and behaviours taken by the Council in relation to each of these seven core principles (A – G) and associated sub principles.

**E Developing Capacity, Including the Capability of Leadership and the Individuals Within it**

<p>How we do this:</p> <ul style="list-style-type: none"> <li>➤ The Constitution sets out how the Council legally operates, how formal decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. The document identifies the roles and responsibilities of Member and officer functions, with clear delegation arrangements and protocols for decision making and communication. The Constitution is kept under continual review and changes are recommended to full council as appropriate.</li> <li>➤ The Council is implementing an organisational change programme – Being a Better Council 2021-2024. It will enable the Council to be: <ul style="list-style-type: none"> <li>○ Better equipped – realigning service structures and rethinking how our services are delivered, and by whom. We will bring all residents' facing services together and support them with better use of digital technologies that are second nature to our invisible competition. Where</li> </ul> </li> </ul>

sensible, we will merge the functional elements of services (e.g. assessment and processing) and underpin their management and delivery with stronger performance management and greater clarity over what is expected of them.

- Better led – creating a strong ‘can do’ culture across the organisation and equipping all our managers with the right skills to do their jobs.
- Better performing – investing in the core capacity and capabilities of our workforce, to create an officer cohort capable of increased growth and performance.

- The Council has a training plan for Members, developed by the Employment Committee, reviewed in 2020, with another review planned for July 2023. The areas covered included safeguarding, planning enforcement, code of conduct and governance, the local plan, press and social media, and equality and diversity.
- The Chief Executive, Chief Operating Officer and Assistant Directors have annual performance targets. These are based on delivery of the Strategic Plan and the business risks anticipated for the year. Senior politicians appraise the Chief Executive’s performance against these targets and the Chief Executive appraises the Chief Operating Officer/Assistant Directors.
- OKRs are carried out for employees and training needs are identified as part of this process. An updated version of OKRs is planned for rollout during the 2023/24 year.
- A structured e-learning programme is available which greatly enhances the learning and development opportunities for a large cross-section of employees. Areas covered include fraud awareness and equalities.
- Employees are kept up to date with issues affecting the Council through regular emails from the Chief Executive, monthly ‘all-hands calls’ a dedicated LDC Teams Channel and a staff magazine.
- The Council has a Belonging and Wellbeing Strategy that aims:
  - to ensure all employees are supported
  - provide a positive environment that is compatible with promoting staff engagement, being an employer of choice, improving attendance, high organisational performance, resident focus and organisational performance.
- Local Government Association Peer Review was used to provide an external ‘health check’ in early 2022, on core components including political & managerial leadership, governance & decision making and organisational capacity

## **F. Managing Risks and Performance Through Robust Internal Control and Strong Public Financial Management**

Supporting Principle:

### **Managing Risk**

How we do this:

- The Council has a Risk Management Policy that defines the roles and responsibilities for managing risk.
- A Corporate Strategic Risk Register is produced by assessing the risk factors that could potentially impact on the Council's ability to deliver its Strategic Plan. Risks are judged on their likelihood of occurrence and their potential impact. These are monitored by Senior Officers monthly and reported quarterly to Audit and Member Standards Committee.
- An 'Acceptable Use Policy' for IT seeks to ensure that all computer systems and networks owned or managed by the Council are updated in an effective, safe, ethical and lawful manner.
- Financial Procedure Rules form part of the Constitution and set out the financial management framework for ensuring the best use of resources. It outlines the financial roles and responsibilities for staff and Members and provides a framework for financial decision-making. The Rules ensure statutory powers and duties are complied with and reflect best professional practice.
- The Council has reviewed and revised its Contract Procedure Rules.
- The Chief Financial Officer provides effective financial management in accordance with the financial procedures and rules set out in the Constitution.
- There is Clarity over the role of Head of Paid Service and Monitoring Officer.
- Maintenance of an effective system of both internal and more detailed financial control is the agreed responsibility of Assistant Directors and Service Managers, who are responsible for managing their services within available resources, in accordance with agreed policies and procedures, and to support the sustainable delivery of strategic priorities in the Strategic Plan and maintain statutory functions. Elements include:
  - Monthly review of budgetary control information by budget holders and Assistant Directors to compare expected to actual performance and to forecast going forward.
  - Formal budgetary monitoring reports reviewed with budget holders and Assistant Directors at quarterly intervals. These look at actual performance and provide forecasts going forward
  - Money Matters reports are produced quarterly, reviewed by Leadership Team and reported to Overview and Scrutiny, Cabinet and Full Council.
- The Financial Management Code was applied from 1 April 2020.
- The Audit and Member Standards Committee provides independent assurance over governance, risk and internal control arrangements with a focus on financial management, financial reporting audit and assurance. The Committee is independent of the Executive and accountable to the governing body.

➤ The Audit and Member Standards Committee has approved a Counter Fraud Framework.
Supporting Principle:
<b>Managing Performance</b>

Support principle:
<b>Robust Internal Control</b>
How we do this: <ul style="list-style-type: none"> <li>➤ The Internal Audit Service provides an objective evaluation of internal controls to effectively manage risk and monitors any weaknesses identified to ensure these are addressed.</li> <li>➤ Audit and Member Standards Committee is independent from the Executive and provides further assurance on the governance of risk management and internal control arrangements.</li> <li>➤ Fraud is taken very seriously, and the Council has an anti-fraud and corruption policy and a whistleblowing policy which is reviewed annually and approved by the Audit and Member Standards Committee.</li> </ul>
Supporting principle:
<b>Managing Data</b>
How we do this:

- The Council is committed to complying with General Data Protection Regulations (GDPR) and the Data Protection Act 2018. It is recognised that the correct and lawful treatment of personal data maintains public confidence and trust.
- Compliance with the Council’s Data Protection Policy is mandatory. The policy facilitates a unified GDPR compliant framework for all Members and officers when managing and processing customer data.
- In line with GDPR requirement the Council has appointed a Data Protection Officer (DPO) to oversee compliance with GDPR and provide advice in relation to the law. This is now an internal role rather than third party hire, allowing for a stronger and more responsive approach. The Council’s DPO, works closely with the Chief Operating Officer, who is the Council’s Senior Information Risk Owner (SIRO).
- Monitoring also includes an annual report of the Data Protection Officer to Audit and Member Standards Committee, internal/external audits and Information Commissioner reviews as appropriate.
- An action plan has been adopted to ensure recommendations in the 2021/22 internal audit of GDPR are delivered and reported as appropriate.
- We are registered as a Controller under the General Data Protection Regulation (GDPR) which governs how we manage and process the information we collect and retain. We have a nominated Data Protection Officer and procedures in place that explain how we use and share information, as well as arrangements for members of the public to access information.

Supporting principle:

**Strong Public Financial Management**

How we do this:

- Budget holders and Leadership Team review budgets on a monthly basis to monitor actual performance and review/update forecasts.
- Formal budgetary monitoring reports are reviewed with budget holders and Leadership Team at quarterly intervals.
- Money Matters reports considering financial performance against the financial strategy are produced quarterly. The reports are reviewed by Leadership Team and reported to the Overview and Scrutiny Committee and Cabinet.
- The Council has implemented the Financial Management Code developed by CIPFA in consultation with senior practitioners from local authorities and associated stakeholders.
- External Audit reviews the Council’s financial statements (including the Annual Governance Statement) providing an opinion on the accounts and the arrangements in place for securing economy, efficiency and effectiveness in the use of resources (the value for money conclusion).
- The Audit and Member Standards Committee is independent of the Executive and accountable to the governing body. It considers the external audit opinion on value for money has part of its responsibility for monitoring the effectiveness of the control environment and value for money.

**G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability**

## **Annual Review of the Effectiveness of the Governance Framework**

How has the Council Addressed the Governance Improvement Actions from 2021/22?

In 2022/23 no significant weaknesses in Governance/Internal Control were highlighted in the feedback received from members and senior officers.

### **Governance Review 2022/23**

We have a legal responsibility to conduct an annual review of the effectiveness of our Governance Framework, including the system of internal control. The outcomes of the review are considered by Audit (and Member Standards) Committee (which is charged with final approval of this statement).

The review is informed by:

- The views of Internal Audit, reported to Audit and Member Standards Committee through regular progress reports, and the Annual Internal Audit Opinion.
- An annual review carried out by the Audit Manager, of the effectiveness of Internal Audit (as required by Regulation 6(3) of the Accounts and Audit Regulations 2015).
- The views of our External Auditors, regularly reported to Audit and Member Standards Committee through regular progress reports, the Auditors Annual Report, the Informing the Audit Risk Assessment document, the Audit Findings Report and the Audit Plan.
- The views of the Head of Paid Service (Chief Executive), Monitoring Officer, Section 151 Officer.
- The activities and operations of Council Service Areas whose Assistant Directors provide written assurance statements using an Internal Control Checklist.
- The views of Members (Committee Chairs and Leader of the Minority Group) using a Members' Questionnaire.
- The Risk Management Process, particularly the Corporate Strategic Risk Register
- Performance information reported to Cabinet, Council and Overview and Scrutiny Committee.

### **Looking Ahead**

The requirement to appoint an Independent Member to the Audit Committee should be reviewed following the local elections and subsequent skills assessment of the committee composition. This remains an ongoing Governance consideration.

The Lichfield West Midland Traded Services Ltd - the Local Authority Trading Company (LATCo) will need to be monitored as the company expands to include Disabled Facilities Grants and Leisure Centre Management. Internal Audit have confirmed that this will be included in the 2023/24 audit planning process.

### **Conclusion of the Review**

We consider the Governance Framework and Internal Control environment operating during 2022/23 to provide reasonable and objective assurance that any significant risks impacting on the achievement of our principal objectives will be identified and actions taken to avoid or mitigate their impact.

The system of Governance (including the system of Internal Control) can provide only reasonable and not absolute assurance that assets are safeguarded, that transactions are authorised and properly recorded, that material errors or irregularities are either prevented or would be detected within a timely period, that value for money is being secured and that significant risks impacting on the achievement of our objectives have been mitigated.
