

Annual Report of the Audit Committee 2023/24 Introduction from the Chair of the Audit Committee

The start of the financial year commenced with continued support to the local area through the challenge of cost of living and further support in the ways that the Council operated. The Committee has received assurance around the Council's response to these issues during the financial year.

In relation to the committee's work, this has now been fully developed into a hybrid working approach with officers working from home and utilising the new office spaces within Frog Lane on a regular basis. The redevelopment of the work spaces have continued to develop and support this approach. Committee meetings have been undertaken through face to face meetings and 'live streaming'. The work of the Audit Committee meetings should be visible to members of the public and, as such, meetings have been held on site and broadcast live on YouTube streams. This availability appears to continue to have been well received by a number of viewers.

The remit of the Committee was changed during 2023/24 when it became solely an Audit Committee.

The Annual Report's main purpose is to allow the Council to demonstrate to residents, stakeholders and partners, the significance of the Audit Committee's role and the positive contribution it has made to the Council's overall governance arrangements.

The internal audit programme has been delivered via a mix of internal and external providers and the number of concerns identified throughout the programme have been few. As we have identified some outstanding audit recommendations, members have been able to interrogate further where there have been instances of less than adequate assurances, I am committed to following up these outstanding audit recommendations with the potential of summoning managers to the Audit Committee for accountability.

Risk Management within the Council has continued to be reviewed by the Committee in relation to the levels of risks above the risk appetite of the Council and the concerns around Cyber Security. During the year regular quarterly updates were provided to Committee.

As we ended the 2023/24 financial year, the District Council introduced Azets Audit Services for our external audit provision for the next five years to 2027/28.

During the year there have been continued arrangements put in place for the Internal Audit Shared Service arrangement with Tamworth Borough Council. This arrangement was renewed on 1st October 2023 and will complete September 2025. This has been supported by external contractors who we have procured during the year to provide specialist IT Auditor services and general auditor services.

The Committee has appreciated the support and assurance the audit personnel have given from these arrangements.

I am therefore thankful for all members and officers who have contributed to the work of the committee over the last 12 months. There will be continuing financial challenges facing us, as well as continuing our work to ensure the Council's overall governance framework remains fit for purpose.

Councillor Wai-Lee Ho, Chair of the Audit Committee 2023/24 - April 2024

A number of the Audit Committee Members also sat on various other Committees. There were no reports received during the year that necessitated Members absenting themselves.

Senior officers from the council also attend the Audit & Member Standards Committee meetings as appropriate, including the Assistant Director - Finance & Commissioning (Section 151), Chief Operating Officer, Audit Manager (Shared Service) and Data Protection Officer. The External Auditors also attend and the Cabinet Member for Finance & Commissioning usually observes.

3. Training & Effectiveness

The role of the Audit Committee training was provided on 20 July 2023, and this was supported by a Member's Skills Audit undertaken at the beginning of the municipal year. A further report on Independent Members and skills audit was considered on 27 September 2023 and the Committee approved the appointment of two Independent Members this process is ongoing. In addition, we undertook an Audit Committee Effectiveness review which was reported to committee on 21st March 2024 and resubmitted on 17th April 2024. A training plan for members is being developed and will be rolled out in 2024/25.

Due to the hard work and commitment of the Committee members during the year this has led to the committee being able to effectively carry out its role. This was further supported by the annual review of the Committee's effectiveness as reported in March 2024.

Sources of Assurance during 2023/24

In fulfilling its terms of reference, the business conducted by the Audit Committee during 2023/24 is detailed at **Appendix A** per the following themes: -

- Internal Audit;
- External Audit / Inspection;
- Financial Management;
- Risk Management;
- Corporate Governance;

The Committee gained assurance in 2023/24 from these themes as follows:-

Internal Audit

In respect of the 2022/23 financial year, a positive Internal Audit Opinion was given from the Shared Head of Audit as follows:

On the basis of our audit work, our opinion on the council's framework of governance, risk management and internal control is adequate in its overall design and effectiveness. Certain weaknesses and exceptions were highlighted by our audit work. These matters have been discussed with management, to whom we have made recommendations. All of these have been, or are in the process of being addressed.

The Internal Audit Service was externally assessed for compliance with the Public Sector Internal Audit Standards and was found to 'generally conform' which is the highest rating available. An Action Plan has been agreed with management and all actions were completed during 2023/24.

Internal Audit also provide quarterly progress reports to committee and an annual report which details the performance of the service.

External Audit / Inspection

The main responsibility of the External Auditor is to report on the Council's Accounts and whether the council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. Grant Thornton reported on the 2022/23 Accounts. The Council is yet to receive Grant Thornton's external audit opinion, finalised Annual Audit Report and value for money assessment due to delays in the provision of Pension Fund Assurance from the Pension Fund External Auditors.

Financial Management

The Committee scrutinised the 2022/23 Statement of Accounts and also received assurances on the Council's financial management arrangements (e.g. treasury management, prudential indicators) from the Assistant Director – Finance and Commissioning (Section 151 Officer). The Committee also received a report on the CIPFA Resilience Index, regular Internal Audit Progress Reports, including a number giving assurance on financial management and controls during the period. The Committee also received assurance on compliance against Financial Procedure Rules and Contract procedure rules.

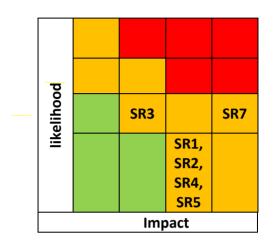

Risk Management

The Committee has received quarterly updates on the Council's Risk Management arrangements via review of the Strategic Risk Register. The risk environment continues to develop following the progress made in respect of cost of living support and together with Cyber Security has dominated the Council's risk management arrangements this year and will continue into 2024/25. The Council has aligned its

strategic risks to the new Strategic Plan as well as introducing the 3 lines of defence model to risk management activities and has developed its sub strategic risk processes.

The Audit Committee also gained assurance around risk management and challenged management in relation to the approach taken in respect of cyber security.

The Council's current 6 strategic risks are as below, together with their position on the matrix, note **SR6** – **Failure to innovate and build on positives/opportunities/learning arising (including from the Covid-19 situation) to maximise outcomes for the Council** was removed from the strategic risk register during 2023/24.

- **SR1:** Pressures on the availability of finance may mean the Council is not able to deliver the key priorities of the strategic plan.
- **SR2:** Resilience of teams to effectively respond to a further serious disruption to services.
- **SR3**: Capacity and capability to deliver / adapt the new strategic plan to emerging landscape.
- **SR4:** Failure to meet governance and / or statutory obligations e.g. breach of the law.
- **SR5**: Failure to adequately respond to the wider socio-economic environment over which the Council may have little control, but which may impact on the growth and prosperity of the local area.
- **SR7**: Threat to the Council's ICT systems of a cyber-attack.

Corporate Governance

The Annual Governance Statement (AGS) and review of effectiveness for the 2022/23 financial year, concluded that the effectiveness of the system of internal control was fit for purpose overall.

The Committee also:

- undertook a review of its own effectiveness in line with CIPFA good practice and confirmed
 that it continued to meet its terms of reference. The Committee also reviewed its skills.
 Consideration was given to whether appointing an Independent Member was necessary and
 concluded that this was necessary to bring further experience, in conjunction with elected
 members, to conduct its business effectively.
- received assurances on updates on the Council's Contract Procedure Rules and Financial Procedure Rules;
- received an update on the implications for the audit regime resulting from the Redmond Review; and
- received the annual report of the Monitoring Officer and Exceptions and Exemptions to Procedure Rules

Regular updates on the adequacy of the Council's counter fraud arrangements were also taken including the approval of the suite of counter fraud and corruption policies (counter fraud and corruption policy statement, strategy and guidance notes; whistleblowing policy, anti-money laundering policy and prevention of tax evasion policy).

4. Conclusion

The Committee has been able to confirm that there were no areas of significant duplication or omission in the systems of governance in the authority that had come to the Committee's attention during 2023/24 that were not being adequately resolved.

Through members receiving this report, the role and purpose of the Committee has been promoted and it has demonstrated that the Committee has continued to perform, meet its terms of reference and added value. This work will continue in 2024/25 with the Committee's refreshed work programme.
