Audit Committee

1. Executive Summary

- 1.1 Lichfield District Council's Financial Procedure Rules set out the financial governance arrangements for the Council. They encompass the control framework for five key areas of activity: Financial Planning, Financial Management, Risk Management and Control of Resources, Systems and Procedures, and External Arrangements.
- 1.2 The Financial Procedure Rules apply to every Member and Officer of the Council, and to anyone acting on the Council's behalf including LWMTS employees.
- 1.3 The Financial Procedure Rules, attached at **Appendix A**, are based on the model Financial Procedure Rules created by the Chartered Institute of Public Finance and Accountancy (CIPFA). The Council's Financial Procedure Rules provide the framework for managing the Council's financial affairs and are part of Lichfield District Council's Constitution.
- 1.4 The Financial Procedure Rules should not be seen in isolation, but rather as part of the overall regulatory framework of the Council as set out in the Constitution. They will underpin and complement the procedures applied in service areas within the Council.

2. Recommendations

- 2.1. The Committee:
 - Notes the contents of this report.
 - Provides views on the revised Financial Procedure Rules.
 - Recommends (subject to the consideration of and views provided by the Committee) to Council to approve the revised Financial Procedure Rules.

3. Background

What are the Financial Procedure Rules and why are they important?

- 3.1. The Financial Procedure Rules form part of the governance arrangements of the Council and are, in effect, the rules set by the Council to regulate its internal procedures for the conduct of business and how it spends money and records transactions. These procedures have been devised as a control to help the Council manage its financial affairs properly in compliance with all necessary requirements.
- 3.2. It is vital that good, sound financial management is maintained as this helps to ensure that the Council is doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest, and accountable manner. The purpose of the Financial Procedure Rules therefore is to ensure that public accountability and high standards of financial integrity are exercised in the control of public funds that pass through the Council.

- 3.3. The Financial Procedure Rules govern the day to day operation of the Council's financial administration. They are introduced both to protect the interests of the Council, and all those who are involved with financial administration. Good financial management requires secure and reliable records and systems to process transactions and information and substantiate the effective use of public money.
- 3.4. The Financial Procedure Rules therefore set out the internal framework and procedures for financial administration and control within the Council. They include:
- **Financial Management** – the roles of Cabinet, Council, Committees, Statutory Officers, Chief Internal Auditor and Leadership Team.
 - **Financial Planning** – the Policy Framework, budgeting, the Medium-Term Financial Strategy, the Revenue Budget, Capital Programme, budget monitoring and control, the scheme of virement, accounting policies, accounting records and returns, the annual Statement of Accounts and reserves and balances.
 - **Audit, Risk Management and Control of Resources** – Audit inspection, preventing fraud and corruption, managing risk, internal controls, and insurance.
 - **Systems and Procedures** – Accounting systems, income, expenditure, ordering and paying for work, goods and services, payments to suppliers and salaries and wages, contracting, petty cash, banking, Treasury Management, Taxation, Stocks and Stores, Inventories and Asset Management and Staffing.
 - **External Arrangements** – Partnerships, joint working and grant funding, external funding, and work for third parties.
- 3.5. The Council's Financial Procedure Rules provide the framework for managing the Council's financial affairs and are part of Lichfield District Council's Constitution.
- 3.6. The Financial Procedure Rules should not be seen in isolation, but rather as part of the overall regulatory framework of the Council as set out in the Constitution. They will underpin and complement the procedures.

Who do the Financial Procedure Rules apply to?

- 3.7. Financial Procedure Rules apply to everyone involved in financial transactions on behalf of the Council. This includes all employees who spend money, manage budgets, or procure goods and services on behalf of the Council or other bodies where the Council is the lead or accountable body, including the Joint Waste Service with Tamworth Borough Council and the Southern Staffordshire Building Control Partnership whereby Lichfield acts as the lead council. The Rules also apply to Lichfield West Midlands Traded Services (LWMTS) Ltd employees acting on behalf of the Council.
- 3.8. All Members and Officers have a general responsibility for taking reasonable action to provide for the security of the assets under their control, and for ensuring that the use of these resources is legal, properly authorised, provides value for money, and achieves best value.
- 3.9. The Director of Finance, Regulation and Enforcement (S151 Officer) is responsible for reporting, where appropriate, any breaches of Financial Procedure Rules. Any ambiguity arising from the interpretation of these Rules shall be settled by the Director of Finance, Regulation and Enforcement.

Financial Procedure Rules Review Process

- 3.10. The Director of Finance, Regulation and Enforcement is responsible for ensuring that the Financial Procedure Rules are kept up to date.
- 3.11. In 2015 the Council based its Financial Procedure Rules on the model set created by CIPFA. These were reviewed and updated in 2021.
- 3.12. There have been operational changes within the Council since the current version was adopted together with a number of recent organisational changes, it is an opportune time to undertake a more detailed review.
- 3.13. For the review of the Financial Procure Rules the following process took place:
- An update of organisational/procedural changes:
 - Removal of references to Heads of Service
 - Updated titles for committees
 - Updates to reflect any changes to Contract Procedure Rules
 - Updates to the Key Decision definition and to reflect the revised level.
 - Consultation with officers:
 - Monitoring Officer
 - Key Finance Officers
 - Procurement and Commissioning Service Manager
 - Internal Audit Manager

 - Senior Business Advisor (Finance)
- 3.14. The Financial Procedure Rules at **Appendix A** have been updated to reflect comments and changes as a result of the review. The amendments have been highlighted in **blue**.
- 3.15. The main substantive change is to introduce a lower limit for debt write off **up to £250** that can be approved by the Revenues, Benefits and Corporate Debt Service Manager.

- 1.5 To ensure proper professional practices are adhered to and to act as head of profession in relation to the standards, performance and development of finance staff throughout the authority.
- 1.6 To advise on the key strategic controls necessary to secure sound financial management.
- 1.7 To ensure that financial information is available to enable accurate and timely monitoring and reporting of comparisons of national and local financial performance indicators.

Responsibilities of members of the Leadership Team

- 1.9 To promote sound financial practices in relation to the standards, performance and development of staff in their service areas.

MANAGING EXPENDITURE

Scheme of virement

Why is this important?

- 1.10 The scheme of virement is intended to enable the Cabinet, members of the Leadership Team and their staff to manage budgets with a degree of flexibility within the overall policy framework determined by the Council, and therefore to optimise the use of resources.

Key controls

- 1.11 Key controls for the scheme of virement are:
- (a) it is administered by the Chief Finance Officer within guidelines set by the Council. Any variation from this scheme requires the approval of the Council.
 - (b) the overall budget is agreed by the Cabinet and approved by the Council. Members of the Leadership Team and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the budget. The rules below cover virement; that is, switching resources between approved estimates or heads of expenditure. For the purposes of this scheme, a budget head is considered to be a line in the approved estimates report, for example the “Supplies and Services” line within a service’s budget.
 - (c) virement does not create additional overall budget liability. Members of the Leadership Team are expected to exercise their discretion in managing their budgets responsibly and prudently. Any virement that would result in a change of policy or a new policy, or that would result in an increased ongoing commitment for the Council will require the approval of the Council.
 - (d) a proposed virement in excess of the prevailing key decision level must be the subject of a joint report by the Chief Finance Officer and the proposing member of the Leadership Team or include in a scheduled Money Matters or MTFs Report to the Cabinet.

Responsibilities of the Chief Finance Officer

- 1.12 To prepare jointly with the member of the Leadership Team a report or include in a scheduled Money Matters or MTFs Report to the Cabinet where virements in excess of the prevailing key decision level are proposed.

Responsibilities of members of Leadership Team and

- 1.13 A member of the Leadership Team may exercise virement on budgets under his or her control on any one budget head during the year, following notification to the Chief Finance Officer.
- 1.14 The prior approval of the relevant member of the Cabinet is required for any virement, of whatever amount, where it is proposed to:
- vire between budget heads within a single service budget
 - vire between two or more service budgets
- 1.15 The prior approval of the Cabinet is required for any virement, of whatever amount, where it is proposed to:
- vire between budgets of different Cabinet members
 - vire between budgets managed by different members of the Leadership Team
- 1.16 Virement that is likely to impact on the level of service activity of another member of the Leadership Team should be implemented only after agreement with the relevant member of the Leadership Team.
- 1.17 No virement relating to a specific financial year should be made after 31 March in that year.

- 1.18 Where an approved budget is a lump-sum budget or contingency intended for allocation during the year, its allocation will not be treated as a virement, provided that:
- (a) the amount is used in accordance with the purposes for which it has been established.
 - (b) the Cabinet has approved the basis and the terms, including financial limits, on which it will be allocated. Individual allocations in excess of the financial limits should be reported to the Cabinet.

ACCOUNTING POLICIES

Why is this important?

- 1.19 The Chief Finance Officer is responsible for the preparation of the authority's statement of accounts, in accordance with proper practices as set out in the format required by the *Code of Practice on Local Authority Accounting in the United Kingdom* (CIPFA/LASAAC), for each financial year ending 31 March.

Why is this important?

- 1.23 Maintaining proper accounting records is one of the ways in which the authority discharges its responsibility for stewardship of public resources. The authority has a statutory responsibility to prepare its annual accounts to present fairly its operations during the year. These are subject to external audit. This audit provides assurance that the accounts are prepared properly, that proper accounting practices have been followed and that quality arrangements have been made for securing economy, efficiency and effectiveness in the use of the authority's resources.

Key controls

- 1.24 The key controls for accounting records and returns are:
- (a) all Cabinet members, finance staff and budget managers operate within the required accounting standards and timetables

 - (c) procedures are in place to enable accounting records to be reconstituted in the event of systems failure
 - (d) reconciliation procedures are carried out to ensure transactions are correctly recorded
 - (e) prime records are retained in accordance with legislative and other requirements.

Responsibilities of the Chief Finance Officer

- 1.25 To determine the accounting procedures and records for the authority. Where these are maintained outside the finance service area, the Chief Finance Officer should consult the member of the Leadership Team concerned.
- 1.26 To arrange for the compilation of all accounts and accounting records under his or her direction.
- 1.27 To comply with the following principles when allocating accounting duties:
- (a) separating the duties of providing information about sums due to or from the authority and calculating, checking and recording these sums from the duty of collecting or disbursing them
 - (b) employees with the duty of examining or checking the accounts of cash transactions must not themselves be engaged in these transactions.
- 1.28 To make proper arrangements for the audit of the authority's accounts in accordance with the Accounts and Audit Regulations 2015 and Coronavirus amendment 2020.
- 1.29 To ensure that all claims for funds including grants are made by the due date.
- 1.30 To prepare and publish the audited accounts of the authority for each financial year, in accordance with the statutory timetable.
- 1.31 To ensure the proper retention of financial documents in accordance with the requirements set out in the authority's document retention schedule.

Responsibilities of members of the Leadership Team

- 1.33 To comply with the policies referred to in paragraph 1.21 when allocating accounting duties.
- 1.34 To maintain adequate records to provide a management trail leading from the source of income/expenditure through to the accounting statements.
- 1.35 To supply information required to enable the statement of accounts to be completed in accordance with guidelines issued by the Chief Finance Officer.

THE ANNUAL STATEMENT OF ACCOUNTS

Why is this important?

- 1.36 The authority has a statutory responsibility to prepare its own accounts to present fairly its operations during the year. The Audit and Member Standards Committee is responsible for approving the statutory annual statement of accounts.

Key controls

- 1.37 The key controls for the annual statement of accounts are:
 - the authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of these affairs. In this authority, that officer is the Chief Finance Officer
 - the authority's statement of accounts must be prepared in accordance with proper practices as set out in the Code of Practice on Local Authority Accounting in the United Kingdom (CIPFA/LASAAC).

Responsibilities of the Chief Finance Officer

- 1.38 To select suitable accounting policies and to apply them consistently.
- 1.39 To make judgments and estimates that are reasonable and prudent.
- 1.40 To comply with the Code of Practice on Local Authority Accounting in the United Kingdom.

- 1.42 To draw up the timetable for final accounts preparation and to advise staff and external auditors accordingly.

Responsibilities of members of the Leadership Team

- 1.43 To comply with accounting guidance provided by the Chief Finance Officer and to supply the Chief Finance Officer with information when required.

Appendix B Financial Planning

PERFORMANCE PLANS STRATEGIES AND DELIVERY PLANS

Why is this important?

- 2.1 Each local authority has a statutory responsibility to publish various performance plans, crime reduction strategies, etc. strategies and delivery plans. The purpose of performance plans strategies and delivery plans is to explain overall priorities and objectives, current performance, and proposals for further improvement.

Key controls

- 2.2 The key controls for performance plans are:
- (a) to ensure that all relevant plans are produced and that they are consistent
 - (b) to produce plans in accordance with organisational and statutory requirements
 - (c) to meet the timetables set
 - (d) to ensure that all performance information is accurate, complete and up to date
 - (e) to provide improvement targets which are meaningful, realistic and challenging.

Responsibilities of the Chief Finance Officer

- 2.3 To advise and supply the financial information that needs to be included in performance plans in accordance with statutory requirements and agreed timetables.

Responsibilities of members of the Leadership Team

- 2.7 To contribute to the development of performance plans in line with statutory requirements.
- 2.8 To contribute to the development of corporate and service targets and objectives and performance information.

BUDGETING

Format of the budget

Why is this important?

- 2.9 The format of the budget determines the level of detail to which financial control and management will be exercised. The format shapes how the rules around virement operate, the operation of cash limits and sets the level at which funds may be reallocated within budgets.

Key controls

- 2.10 The key controls for the budget format are:
- (a) the format complies with all legal requirements
 - (b) the format complies with the Council's Strategic Priority/Service Area profile
 - (c) the format reflects the accountabilities of service delivery.

Responsibilities of the Chief Finance Officer

- 2.11 To advise the Cabinet on the format of the budget that is approved by the Council.

Responsibilities of members of the Leadership Team

- 2.12 To comply with accounting guidance provided by the Chief Finance Officer.

Revenue budget preparation, monitoring and control**Why is this important?**

- 2.13 Budget management ensures that once the budget has been approved by the Council, resources allocated are used for their intended purposes and are properly accounted for. Budgetary control is a continuous process, enabling the authority to review and adjust its budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.
- 2.14 By continuously identifying and explaining variances against budgetary targets, the authority can identify changes in trends and resource requirements at the earliest opportunity. The authority itself operates within an annual cash limit, approved when setting the overall budget. To ensure that the authority in total does not overspend, each service is required to manage its own expenditure within the cash- limited budget allocated to it.
- 2.15 For the purposes of budgetary control by managers, a budget will normally be the planned income and expenditure for a service area or cost centre. However, budgetary control may take place at a more detailed level if this is required by the member of the Leadership Team.

Key controls

- 2.16 The key controls for managing and controlling the revenue budget are:
- (a) budget managers should be responsible only for income and expenditure that they can influence
 - (b) there is a nominated budget manager for each cost centre heading
 - (c) budget managers accept accountability for their budgets and the level of service to be delivered and understand their financial responsibilities
 - (d) budget managers follow an approved certification process for all expenditure
 - (e) income and expenditure are properly recorded and accounted for
 - (f) performance levels/levels of service are monitored in conjunction with the budget and necessary action is taken to align service outputs and budgets.

Responsibilities of the Chief Finance Officer

- 2.17 To establish an appropriate framework of budgetary management and control that ensures that:
- (a) budget management is exercised within annual cash limits unless the Council agrees otherwise.
 - (b) each member of the Leadership Team has available timely information on receipts and payments on each budget which is sufficiently detailed to enable managers to fulfil their budgetary responsibilities.
 - (c) expenditure is committed only against an approved budget head.
 - (d) all officers responsible for committing expenditure comply with relevant guidance, and the financial procedure rules.
 - (e) each cost centre has a single named manager, determined by the relevant member of the Leadership Team. As a general principle, budget responsibility should be aligned as closely as possible to the decision-making processes that commits expenditure.
 - (f) significant variances from approved budgets are investigated and reported by budget managers regularly.
- 2.18 To administer the authority's scheme of virement.
- 2.19 To submit reports to the Cabinet and to the Council, in consultation with the relevant member of the Leadership Team, where a member of the Leadership Team is unable to balance expenditure and resources within existing approved budgets under his or her control.
- 2.20 To prepare and submit reports on the authority's projected income and expenditure compared with the budget on a regular basis.

Responsibilities of members of the Leadership Team

- 2.21 To maintain budgetary control within their service areas, in adherence to the principles in 2.17, and to ensure that all income and expenditure is properly recorded and accounted for.
- 2.22 To ensure that an accountable budget manager is identified for each item of income and expenditure under the control of the member of the Leadership Team (grouped together in a series of cost centres). As a general principle, budget responsibility should be aligned as closely as possible to the decision-making that commits expenditure.
- 2.23 To ensure that spending remains within the service's overall cash limit, and that individual budget heads are not overspent, by monitoring the budget and taking appropriate corrective action where significant variations from the approved budget are forecast.
- 2.24 To ensure that a monitoring process is in place to review performance levels/levels of service in conjunction with the budget and is operating effectively.
- 2.25 To prepare and submit to the Cabinet reports on the service's projected expenditure compared with its budget, in consultation with the Chief Finance Officer.

- 2.26 To ensure prior approval by the Council or Cabinet (as appropriate) for new proposals, of whatever amount, that:
- (a) create financial commitments in future years
 - (b) change existing policies, initiate new policies or cease existing policies
 - (c) materially extend or reduce the authority's services.
- 2.27 To ensure compliance with the scheme of virement.
- 2.28 To agree with the relevant member of the Leadership Team where it appears that a budget proposal, including a virement proposal, may impact materially on another service area or member of Leadership Team level of service activity.

Budgets and medium-term planning

Why is this important?

- 2.29 The authority is a complex organisation responsible for delivering a wide variety of services. It needs to plan effectively and to develop systems to enable scarce resources to be allocated in accordance with carefully weighed priorities. The budget is the financial expression of the authority's plans and policies.
- 2.30 The revenue budget must be constructed so as to ensure that resource allocation properly reflects the service plans and priorities of the Council. Budgets (spending plans) are needed so that the authority can plan, authorise, monitor and control the way money is allocated and spent. It is illegal for an authority to budget for a deficit.
- 2.31 Medium-term planning (or a three- to five-year planning system) involves a planning cycle in which managers develop their own plans. As each year passes, another future year will be added to the medium-term plan. This ensures that the authority is always preparing for events in advance.

Key controls

- 2.32 The key controls for budgets and medium-term planning are:
- (a) specific budget approval for all expenditure
 - (b) budget managers are consulted in the preparation of the budgets for which they will be held responsible and accept accountability within delegations set by the Cabinet for their budgets and the level of service to be delivered
 - (c) a monitoring process is in place to review regularly the effectiveness and operation of budget preparation and to ensure that any corrective action is taken.

Responsibilities of the Chief Finance Officer

- 2.33 To prepare and submit reports on budget prospects for the Cabinet, including resource constraints set by the Government. Reports should take account of medium-term prospects, where appropriate.
- 2.34 To determine the detailed form of revenue estimates and the methods for their preparation, consistent with the budget approved by the Council, and after consultation with the Cabinet and members of the Leadership Team.

- 2.35 To prepare and submit reports to the Cabinet on the aggregate spending plans of service areas and on the resources available to fund them, identifying, where appropriate, the implications for the level of council tax to be levied.
- 2.36 To advise on the medium-term implications of spending decisions.
- 2.37 To encourage the best use of resources and value for money by working with members of the Leadership Team to identify opportunities to improve economy, efficiency and effectiveness, and by encouraging good practice in conducting financial appraisals of development or savings options, and in developing financial aspects of service planning.
- 2.38 To advise the Council on Cabinet proposals in accordance with his or her responsibilities under section 151 of the Local Government Act 1972.

Responsibilities of members of the Leadership Team

- 2.39 To prepare estimates of income and expenditure, in consultation with the Chief Finance Officer, to be submitted to the Cabinet.
- 2.40 To prepare budgets that are consistent with any relevant cash limits, with the authority's annual budget cycle and with guidelines issued by the Cabinet. The format should be prescribed by the Chief Finance Officer in accordance with the Council's general directions.
- 2.41 To integrate financial and budget plans into service planning, so that budget plans can be supported by financial and non-financial performance measures through the Service and Financial Planning process.
- 2.42 In consultation with the Chief Finance Officer and in accordance with the laid-down guidance and timetable, to prepare detailed draft revenue and capital budgets for consideration by the appropriate committee.
- 2.43 When drawing up draft budget requirements, to have regard to:
- (a) spending patterns and pressures revealed through the budget monitoring process
 - (b) legal requirements
 - (c) policy requirements as defined by the Council in the approved policy framework
 - (d) initiatives already under way.

Resource allocation**Why is this important?**

- 2.44 A mismatch often exists between available resources and required resources. A common scenario is that available resources are not adequate to fulfil need/desire. It is therefore imperative that needs/desires are carefully prioritised and that resources are fairly allocated, in order to fulfil all legal responsibilities. Resources may include staff, money, equipment, goods and materials.

Key controls

- 2.45 The key controls for resource allocation are:
- (a) resources are acquired in accordance with the law and using an approved authorisation process
 - (b) resources are used only for the purpose intended, to achieve the approved policies and objectives, and are properly accounted for
 - (c) resources are securely held for use when required
 - (d) resources are used with the minimum level of waste, inefficiency or loss for other reasons.

Responsibilities of the Chief Finance Officer

- 2.46 To advise on methods available for the funding of resources, such as grants from central government and borrowing requirements.
- 2.47 To assist in the allocation of resources to budget managers.

Responsibilities of members of the Leadership Team

- 2.48 To work within budget limits and to utilise resources allocated, and further allocate resources, in the most efficient, effective and economic way.
- 2.49 To identify opportunities to minimise or eliminate resource requirements or consumption without having a detrimental effect on service delivery.

Capital programmes**Why is this important?**

- 2.50 Capital expenditure involves acquiring or enhancing fixed assets with a long-term value to the authority, such as land, buildings, and major items of plant, equipment or vehicles. Capital assets shape the way services are delivered in the long term and create financial commitments for the future in the form of financing costs and revenue running costs.
- 2.51 The Prudential Code places controls on the financing capacity of the authority. This means that capital expenditure should form part of an investment strategy and should be carefully prioritised in order to maximise the benefit of scarce resources.

Key controls

- 2.52 The key controls for capital programmes are:
- (a) specific approval by the Council for the programme of capital expenditure
 - (b) expenditure on capital schemes is subject to the approval of the Chief Finance Officer a scheme and estimate, including project plan, progress targets and associated revenue expenditure is prepared for each capital project, for approval by the Cabinet and if the Budget does not form part of the MTFS, the also Council approval will also be required.
 - (c) proposals for improvements and alterations to buildings must be approved by the Property Services and Estates Team and appropriate member of the Leadership Team

- (d) the development and implementation of asset management plans
- (e) accountability for each proposal is accepted by a named manager
- (f) monitoring of progress in conjunction with expenditure and comparison with approved budget.

Responsibilities of the Chief Finance Officer

- 2.53 To prepare capital estimates jointly with members of the Leadership Team and to report them to the Cabinet for approval. The Cabinet will make recommendations on the capital estimates and on any associated financing requirements to the Council.
- 2.54 To issue guidance concerning capital schemes and controls, for example, on project appraisal techniques. The definition of 'capital' will be determined by the Chief Finance Officer, having regard to government regulations and accounting requirements.
- 2.55 To obtain authorisation from the Cabinet for individual schemes where the estimated expenditure exceeds the capital programme provision and cannot be accommodated in the MTFs through the virement process by more than 10% of the original sum.

Responsibilities of members of the Leadership Team

- 2.56 To comply with guidance concerning capital schemes and controls issued by the Chief Finance Officer.
- 2.57 To ensure that all capital proposals have undergone a project appraisal in accordance with guidance issued by the Chief Finance Officer.
- 2.58 To ensure that adequate records are maintained for all capital contracts.
- 2.59 To proceed with projects only when there is adequate provision in the capital programme and with the agreement of the Chief Finance Officer, where required.
- 2.60 To prepare and submit reports, jointly with the Chief Finance Officer, to the Cabinet, of any variation in contract costs greater than the approved limits. The Cabinet may meet cost increases of up to 10% by virement from savings elsewhere within their capital programme.
- 2.61 To prepare and submit reports, jointly with the Chief Finance Officer, to the Cabinet, on completion of all contracts where the final expenditure exceeds the approved contract sum by more than 10% of the original sum.
- 2.62 To ensure that credit arrangements, such as leasing agreements, are not entered into without the prior approval of the Chief Finance Officer and, if applicable, approval of the scheme through the capital programme.

MAINTENANCE OF RESERVES**Why is this important?**

- 2.66 The local authority must decide the level of general reserves it wishes to maintain before it can decide the level of council tax. Reserves are maintained as a matter of prudence. They enable the authority to provide for unexpected events and thereby protect it from overspending, should such events occur. Reserves for specific purposes may also be maintained, such as the purchase or renewal of capital items.

Key controls

- 2.67 To maintain reserves in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom* (CIPFA/LASAAC) and agreed accounting policies.
- 2.68 For each reserve established, the purpose, usage and basis of transactions should be clearly identified.
- 2.69 Authorisation and expenditure from reserves by the appropriate member of the Leadership Team in consultation with the Chief Finance Officer.

Responsibilities of the Chief Finance Officer

- 2.70 To advise the Cabinet and/or the Council on prudent levels of reserves for the authority, and to take account of the advice of the external auditor in this matter.

Responsibilities of members of the Leadership Team

- 2.71 To ensure that resources are used only for the purposes for which they were intended.

Appendix C Risk Management and Control of Resources

RISK MANAGEMENT

Why is this important?

- 3.1 All organisations, whether private or public sector, face risks to people, property and continued operations. Risk is the chance or possibility of loss, damage, injury or failure to achieve objectives caused by an unwanted or uncertain action or event. Risk management is the planned and systematic approach to the identification, evaluation and control of risk. Its objectives are to secure the assets of the organisation and to ensure the continued financial and organisational well-being of the organisation. In essence it is, therefore, an integral part of good business practice. Risk management is concerned with evaluating the measures an organisation already has in place to manage identified risks and then recommending the action the organisation needs to take to control these risks effectively.
- 3.2 It is the overall responsibility of the Audit ~~and Member Standards~~ Committee to approve the authority's risk management strategy, and to promote a culture of risk management awareness throughout the authority.

Key controls

- 3.3 The key controls for risk management are:
- (a) procedures are in place to identify, assess, prevent or contain material known risks, and these procedures are operating effectively throughout the authority
 - (b) a monitoring process is in place to review regularly the effectiveness of risk reduction strategies and the operation of these controls. The risk management process should be conducted on a continuing basis
 - (c) managers know that they are responsible for managing relevant risks and are provided with relevant information on risk management initiatives
 - (d) provision is made for losses that might result from the risks that remain
 - (e) procedures are in place to investigate claims within required timescales
 - (f) acceptable levels of risk are determined and insured against where appropriate
 - (g) the authority has identified business continuity plans for implementation in the event of disaster that results in significant loss or damage to its resources.

Responsibilities of the Chief Finance Officer

- 3.4 To prepare and promote the authority's risk management policy statement.
- 3.5 To develop risk management controls in conjunction with other members of Leadership Team.
- 3.6 To include all appropriate employees of the authority in a suitable fidelity guarantee insurance.
- 3.7 To ensure effect ~~with the Chief Operating Officer adequate~~ corporate insurance cover, through external insurance and internal funding, and to negotiate all claims in consultation with other officers, where necessary.

Responsibilities of members of the Leadership Team

- 3.8 To notify the **Chief Operating Officer** ~~Head of Corporate Services~~ immediately of any loss, liability or damage that may lead to a claim against the authority, together with any information or explanation required by the Chief Finance Officer or the authority's insurers.
- 3.9 To take responsibility for risk management, having regard to advice from the **Chief Operating Officer** ~~Head of Corporate Services~~ and other specialist officers (e.g. crime prevention, fire prevention, health and safety).
- 3.10 To ensure that there are regular reviews of risk within their service areas.
- 3.11 To notify the **Chief Operating Officer** ~~Head of Corporate Services~~ promptly of all new risks, properties or vehicles that require insurance and of any alterations affecting existing insurances.
- 3.12 To consult the **Chief Operating Officer** ~~Head of Corporate Services~~ and the Monitoring Officer on the terms of any indemnity that the authority is requested to give.
- 3.13 To ensure that employees, or anyone covered by the authority's insurances, do not admit liability or make any offer to pay compensation that may prejudice the assessment of liability in respect of any insurance claim.

INTERNAL CONTROLS

Why is this important?

- 3.14 The authority is complex and beyond the direct control of individuals. It therefore requires internal controls to manage and monitor progress towards strategic objectives.
- 3.15 The authority has statutory obligations, and, therefore, requires internal controls to identify, meet and monitor compliance with these obligations.
- 3.16 The authority faces a wide range of financial, administrative, and commercial risks, both from internal and external factors, which threaten the achievement of its objectives. Internal controls are necessary to manage these risks.
- 3.17 The system of internal controls is established in order to provide measurable achievement of:
- (a) efficient and effective operations
 - (b) reliable financial information and reporting
 - (c) Compliance with laws and regulations
 - (d) risk management.

Key controls

- 3.18 The key controls and control objectives for internal control systems are:
- (a) key controls should be reviewed on a regular basis and the authority should make a formal statement annually to the effect that it is satisfied that the systems of internal control are operating effectively
 - (b) managerial control systems, including defining policies, setting objectives and plans, monitoring financial and other performance, and taking appropriate anticipatory and

remedial action. The key objective of these systems is to promote ownership of the control environment by defining roles and responsibilities

- (c) financial and operational control systems and procedures, which include physical safeguards for assets, segregation of duties, authorisation and approval procedures and information systems
- (d) an effective internal audit function that is properly resourced. It should operate in accordance with the principles contained in the UK Public Sector Internal Audit Standards (PSIAS) and Local Government Application Note (LGAN) and with any other statutory obligations and regulations.

Responsibilities of the Chief Finance Officer

- 3.19 To assist the authority to put in place an appropriate control environment and effective internal controls which provide reasonable assurance of effective and efficient operations, financial stewardship, probity and compliance with laws and regulations.

Responsibilities of members of Leadership Team

- 3.20 To manage processes to check that established controls are being adhered to and to evaluate their effectiveness, in order to be confident in the proper use of resources, achievement of objectives and management of risks.
- 3.21 To review existing controls in the light of changes affecting the authority and to establish and implement new ones in line with guidance from the Chief Finance Officer. Members of the Leadership Team should also be responsible for removing controls that are unnecessary or not cost or risk effective – for example, because of duplication.
- 3.22 To ensure staff have a clear understanding of the consequences of lack of control.

AUDIT REQUIREMENTS

Internal audit

Why is this important?

- 3.23 The requirement for an internal audit function for local authorities is implied by section 151 of the Local Government Act 1972, which requires that authorities “make arrangements for the proper administration of their financial affairs”. The Accounts and Audit Regulations 2015 (SI 2015/234), regulation 6, more specifically require that a “relevant body must undertake an adequate and effective internal audit of its accounting records and of its system of internal control”.
- 3.24 Accordingly, internal audit is an independent and objective appraisal function established by the authority for reviewing the system of internal control. It examines, evaluates and reports on the adequacy of internal control as a contribution to the proper, economic, efficient and effective use of resources. In order to maintain its independence the service is managed by the Chief Executive.

Key controls

- 3.25 The key controls for internal audit are:
- (a) that it is independent in its planning and operation
 - (b) the head of internal audit has direct access to the Head of Paid Service, Chief Finance Officer, all levels of management and directly to elected members
 - (c) the internal auditors comply with the UK Public Sector Internal Audit Standards (PSIAS) and Local Government Application Note (LGAN).

Responsibilities of the Chief Finance Officer

- 3.26 To ensure that internal auditors have the authority to:
- (a) access authority premises at reasonable times
 - (b) access all assets, records, documents, correspondence and control systems
 - (c) receive any information and explanation considered necessary concerning any matter under consideration
 - (d) require any employee of the authority to account for cash, stores or any other authority asset under his or her control
 - (e) access records belonging to third parties, such as contractors, when required

- 3.36 The basic duties of the external auditor are defined in the Local Audit and Accountability Act 2014. In particular, part 5 of the 2014 Act requires the Comptroller and Auditor General to prepare a code of audit practice, which external auditors follow when carrying out their duties. The code of audit practice issued in April 2015 sets out the auditor's principal objectives which are to review and report upon, to the extent required by the relevant legislation and the requirements of the Code, the audited body's:
- (a) financial statements
 - (b) arrangements for securing economy, efficiency and effectiveness in its use of resources.
- 3.37 The authority's accounts are scrutinised by external auditors, who must be satisfied that the statement of accounts gives a 'true and fair view' the financial position of the authority and its income and expenditure for the year in question and complies with the legal requirements.

Key controls

- 3.38 External auditors are appointed by the Audit Commission normally for a minimum period of five years. The Audit Commission prepares a code of audit practice, which external auditors follow when carrying out their audits.

- 3.43 To ensure that all records and systems are up to date and available for inspection.

PREVENTING FRAUD AND CORRUPTION

Why is it this important?

- 3.44 The authority will not tolerate fraud and corruption in the administration of its responsibilities, whether from inside or outside the authority.
- 3.45 The authority's expectation of propriety and accountability is that members and staff at all levels will lead by example in ensuring adherence to legal requirements, rules, procedures and practices.
- 3.46 The authority also expects that individuals and organisations (e.g. suppliers, contractors, service providers) with whom it comes into contact will act towards the authority with integrity and without thought or actions involving fraud and corruption.

Key controls

- 3.47 The key controls regarding the prevention of financial irregularities are that:
- (a) the authority has an effective anti-fraud and corruption policy and maintains a culture that will not tolerate fraud or corruption

ASSETS

Security

Why is this important?

- 3.55 The authority holds assets in the form of property, vehicles, equipment, furniture, and other items worth millions of pounds. It is important that assets are safeguarded and used efficiently in service delivery, and that there are arrangements for the security of both assets and information required for service operations. An up-to-date asset register is a prerequisite for proper fixed asset accounting and sound asset management.

Key controls

- 3.56 The key controls for the security of resources such as land, buildings, fixed plant machinery, equipment, software and information are:
- (a) resources are used only for the purposes of the authority and are properly accounted for
 - (b) resources are available for use when required
 - (c) resources no longer required are disposed of in accordance with the law and the procedure rules of the authority so as to maximise benefits
 - (d) an asset register is maintained for the authority, assets are recorded when they are acquired by the authority and this record is updated as changes occur with respect to the location and condition of the asset

- safeguarded
 - used efficiently and effectively
 - adequately maintained.
- 3.58 To receive the information required for accounting, costing and financial records from each member of the Leadership Team.
- 3.59 To ensure that assets are valued in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom* (CIPFA/LASAAC).

Responsibilities of members of the Leadership Team

- 3.60 To ensure that lessees and other prospective occupiers of council land are not allowed to take possession or enter the land until a lease or agreement, in a form approved by the member of the Leadership Team in consultation with the Chief Finance Officer, has been established as appropriate.
- 3.61 To ensure the proper security of all buildings and other assets under their control.
- 3.62 Where land or buildings are surplus to requirements, a recommendation for sale should be the subject of a joint report by the member of the Leadership Team and the Chief Finance Officer to the Monitoring Officer. **If the sale is above the key decision limit, then Cabinet approval is required.**

- 3.71 To ensure that all employees are aware that they have a personal responsibility with regard to the protection and confidentiality of information, whether held in manual or computerised records. Information may be sensitive or privileged, or may possess some intrinsic value, and its disclosure or loss could result in a cost to the authority in some way.

Inventories

- 3.72 To maintain inventories and record an adequate description of furniture, fittings, equipment, plant and machinery above £1,000 in value.
- 3.73 To carry out an annual check of all items on the inventory in order to verify location, review, condition and to take action in relation to surpluses or deficiencies, annotating the inventory accordingly. Asset disposal

Why is this important?

The Council's Disposal Policy was approved by Cabinet in 2021.

Key controls

- 3.81 Assets for disposal are identified and are disposed of at the most appropriate time, and only when it is in the best interests of the authority, and best price is obtained, bearing in mind other factors, such as environmental issues. Payments to employees and members

Why is this important?

- 4.73 Staff costs are the largest item of expenditure for most authority services. It is therefore important that payments are accurate, timely, made only where they are due for services to the authority and that payments accord with individuals' conditions of employment. It is also important that all payments are accurately and completely recorded and accounted for and that Members' allowances are authorised in accordance with the scheme adopted by the Council.

Key controls

- (a) proper authorisation procedures are in place and that there is adherence to corporate timetables in relation to:

- 4.85 To ensure that payroll transactions are processed only through the payroll system. Members of the Leadership Team should give careful consideration to the employment status of individuals employed on a self-employed consultant or subcontract basis. The HM Revenue and Customs applies a tight definition for employee status, and in cases of doubt, advice should be sought from the Chief Finance Officer and Monitoring Officer.

Appendix E External Arrangements

PARTNERSHIPS

Why is this important?

- 5.1 Partnerships are likely to play a key role in delivering community strategies and in helping to promote and improve the well-being of the area. Local authorities are working in partnership with others – public agencies, private companies, community groups and voluntary organisations. Local authorities still deliver some services, but their distinctive leadership role is to bring together the contributions of the various stakeholders. They therefore need to deliver a shared vision of services based on user wishes.
- 5.2 Local authorities will mobilise investment, bid for funds, champion the needs of their areas and harness the energies of local people and community organisations. Local authorities will be measured by what they achieve in partnership with others.

General

- 5.3 The main reasons for entering into a partnership are:
- (a) the desire to find new ways to share risk
 - (b) the ability to access new resources
 - (c) to provide new and better ways of delivering services
 - (d) to forge new relationships.
- 5.4 A partner is defined as either:
- (a) an organisation (private or public) undertaking, part funding or participating as a beneficiary in a project
- or
- (b) a body whose nature or status give it a right or obligation to support the project.
- 5.5 Partners participate in projects by:

 - (b) acting as a project funder or part funder
 - (c) being the beneficiary group of the activity undertaken in a project.
 - (d) Partners have common responsibilities:
 - to be willing to take on a role in the broader programme appropriate to the skills and resources of the partner organisation
 - to act in good faith at all times and in the best interests of the partnership's aims and objectives
 - be open about any conflict of interests that might arise
 - to encourage joint working and promote the sharing of information, resources and skills between public, private and community sectors
 - (e) to hold confidentially any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature
 - (f) to act wherever possible as ambassadors for the project.

EXTERNAL FUNDING

Why is this important?

- 5.15 External funding is potentially a very important source of income, but funding conditions need to be carefully considered to ensure that they are compatible with the aims and objectives of the authority. Local authorities are increasingly encouraged to provide seamless service delivery through working closely with other agencies and private service providers. Funds from external agencies such as the National Lottery and the single regeneration budget provide additional resources to enable the authority to deliver services to the local community. However, in some instances, although the scope for external funding has increased, such funding is linked to tight specifications and may not be flexible enough to link to the authority's overall plan.

Key controls

- 5.16 The key controls for external funding are:
- (a) to ensure that key conditions of funding and any statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood
 - (b) to ensure that funds are acquired only to meet the priorities approved in the policy framework by the Council

Responsibilities of members of the Leadership Team

- 5.20 To ensure all internal and external guidance on external funding is followed and that all claims for funds are made by the due date.
- 5.21 To ensure that the project progresses in accordance with the agreed project and that all expenditure is properly incurred and recorded.

WORK FOR THIRD PARTIES

Why is this important?

- 5.22 Current legislation enables the authority to provide a range of services to other bodies. Such work may enable a service area to maintain economies of scale and existing expertise. Arrangements should be in place to ensure that any risks associated with this work are minimised and that such work is intravires.

Key controls

- 5.23 The key controls for working with third parties are:
- (a) to ensure that proposals are costed properly in accordance with guidance provided by the Chief Finance Officer
 - (b) to ensure that contracts are drawn up using guidance provided by the Chief Finance Officer and that the formal approvals process is adhered to
 - (c) to issue guidance with regard to the financial aspects of third party contracts and the maintenance of the contract register.

Responsibilities of Chief Finance Officer
