

Risk Management Update

Cabinet Member for Finance & Commissioning

Date: 18 July 2024
Agenda Item: 9
Contact Officer: Andrew Wood
Tel Number: 01543 308030
Email: Andrew.wood@lichfielddc.gov.uk
Key Decision? NO
Local Ward Full Council.
Members

Lichfield
District Council

Audit Committee

1. Executive Summary

- 1.1 To provide the Committee with their routine risk management update.

2. Recommendations

- 2.1 That Members note the risk management update and receive assurance on actions taking place to manage the Council's most significant strategic and project risks.

3. Background

- 3.1 The purpose of risk management is to effectively manage potential opportunities and threats to the Council achieving its objectives. The Risk Management Policy was reviewed at this committee's meeting on 28 November 2023. Part of the Audit Committee's terms of reference is to 'monitor the effectiveness of the Council's risk management arrangements, including the actions taken to manage risks and to receive regular reports on risk management'. This report supports the Committee in achieving this objective.
- 3.2 The Council operates a 'three lines of defence' model in terms of risk management, this allows for a consistency of approach when designing our risk framework and controls. The model is set up in the following format:
- The first line of defence (functions that own and manage risks) is formed by managers and staff who are responsible for identifying and managing risks as part of their accountability for achieving objectives.
 - The second line of defence (functions that oversee or who specialise in compliance of the management of risk) provides, policies, frameworks, tools, techniques and support to enable risk and compliance to be managed in the first line. This is conducted by monitoring to judge how effectively they are doing it, and helps ensure consistency of definitions and measurement of risk.
 - The third line of defence (functions that provide independent assurance) is provided by internal audit. Internal Audit's main role is to ensure that the first two lines of defence are operating effectively and advise how they can improve.

Strategic Risks

- 3.3 The strategic risk register is produced by assessing the risk factors that could potentially impact on the Council's ability to deliver its strategic plan. This assessment ensures that there are the right measures in place to control the potential risks to our business objectives. Risks are assessed based on their likelihood of occurrence and their potential impact. Each of these are rated on a scale of 1 (Low), 2 (Medium), 3 (Significant) and 4 (High). By multiplying the two scores together, each risk receives a score.
- 3.4 The current risk appetite is based on the previous Strategic Plan and currently excludes initiatives where the risk would be assessed in the red area of the risk matrix. However, the approval of the new Lichfield District 2050 plan means the risk appetite should be reviewed. A report will be provided to the a future Audit Committee to consider if the current risk appetite remains appropriate.
- 3.5 The Strategic Risk register was discussed at Leadership Team on 3 July 2024 and is detailed in **Appendix 1**. Following Leadership Team, it was agreed that the Audit Manager (Shared Service) would consider updates to the risk register, together with the 'horizon scanned' risks since the June 2024 report and the following updates have occurred.
- Minor wording and updates to the Strategic Risk Register, highlighted in 'yellow' within the Appendix.
 - A new strategic risk **SR8** in relation to the withdrawal of the Local Plan 2040 has been included.
- 3.6 The Council's strategic risks (**SR6** was approved for removal by the Committee) as at July 2024 the risk profile is shown below. It is noted that the scoring and review of each strategic risk is continuing, however no changes in the risk profile were made between April 2024 and July 2024.

Likelihood				
	SR1			
		SR3	SR8	SR7
			SR2, SR4, SR5	
	Impact			

- 3.7 The overall aim to reduce the current scores using mitigating control and robust management processes, progress has been made since the last Audit Committee meeting and strategic risks will continue to be reported quarterly. The current strategic risks are explained below:
- **SR1:** Pressures on the availability of finance may mean the Council is not able to deliver the key priorities of the strategic plan.
 - **SR2:** Resilience of teams to effectively respond to a further serious disruption to services.
 - **SR3:** Capacity and capability to deliver / adapt the new strategic plan to emerging landscape.
 - **SR4:** Failure to meet governance and / or statutory obligations e.g. breach of the law.
 - **SR5:** Failure to adequately respond to the wider socio-economic environment over which the Council may have little control, but which may impact on the growth and prosperity of the local area.
 - **SR7:** Threat to the Council's ICT systems of a cyber-attack.
 - **SR8:** Withdrawal of Local Plan 2040.

Strategic Project Risks

3.8 There are also three strategic projects that are moving to the delivery stage and therefore given the risk they potentially present to the Council; it is good practice to have oversight of the risk management approach. Therefore, a separate initial Strategic Project Risks Register is included as Appendix 3 for review by the Audit Committee. This details the 3 current strategic project risks:

- **SP1:** The project to develop a Cinema for Lichfield District;
- **SP2:** The project to develop a new Leisure Centre; and
- **SP3:** The project to redevelop the Birmingham Road site.

3.9 These risks are owned by the Major Projects Team. A separate matrix showing the current risk profile is shown below:

Likelihood				
	SP2	SP3	SP1	
Impact				

3.10 Currently no strategic project risks are above the risk appetite of the Council. As these projects develop further and these affect the current risk scoring these will be reported accordingly to Audit Committee.

Sub Strategic Risks

3.11 Work to review of the effectiveness of our sub strategic (service / operational) and project risk has now been completed. In summary:

- The 3 lines of assurance approach (as used in the Strategic Risk Register) has now been adopted for sub-strategic risks (i.e., service level risks).
- Quarterly update meetings have been scheduled with Leadership Team and Audit Manager (Shared Service).
- There is no longer a requirement to record and manage risks below service level (services or teams are, however, at liberty to do so if it meets their business requirement).
- Project risks continue to be managed in accordance with accepted project methodology (i.e., PRINCE2).
- At this stage, no sub strategic risks need to be escalated to the strategic risk register

Alternative options	There are no alternative options.
Consultation	Leadership Team receive monthly updates on Strategic Risk Register and were consulted on Strategic Risks and Strategic Project Risks.
Financial implications	Risk management processes consider value for money at all times of the process. Failure to manage risks could lead to the Council being faced with costs that could impact on its ability to achieve its objectives.
Approved by Section 151 Officer	Yes
Legal implications	There are no specific legal implications.

Approved by Monitoring Officer				
Contribution to the delivery of the strategic plan	Sound risk management ensures that risks affecting the delivery of the strategic plan are identified and managed.			
Equality, diversity and human rights implications	Sound risk management ensuring a consistent and robust approach to all equality, diversity and human rights issues and their implications to the Council.			
EIA logged by Equalities Officer	Yes/no* Equalities Officer confirmed not required.			
Crime & safety Issues	There are no Crime and Community Safety issues.			
Data assessment	None.			
Environmental impact (including climate change and biodiversity)	Risks arising from climate change and the green agenda are considered by management and Leadership Team.			
GDPR / Privacy impact assessment	Risks associated with non-compliance with GDPR are included within SR4: Failure to meet governance and/or statutory obligations e.g., breach of law (e.g., Health & Safety, GDPR, procurement, safeguarding).			
	Risk description & risk owner	Original score (RYG)	How we manage it	New score (RYG)
A	Failure to manage known risks and opportunities proactively/ Leadership Team	Likelihood: Green Impact: Red Severity: Red	Strategic risks are closely monitored by Audit Committee, Cabinet Member and Leadership Team. Reports to Audit Committee provide assurance that active steps are being taken to control risks.	Likelihood: Green Impact: Yellow Severity: Green
Background documents	Risk Management Policy – updated and approved by Audit Committee 28 November 2023.			
Relevant web links	None.
