AUDIT & MEMBER STANDARDS COMMITTEE

1. Executive Summary

- 1.1 To advise Members of the proposed Internal Audit Charter and Protocol for the 2018/19 financial year.

2. Recommendations

- 2.1 That the Committee considers the attached performance report and raises any issues it deems appropriate.

3. Background

- 3.1 Internal Audit is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes (IIA – UK & Ireland).
- 3.2 The consideration and approval of an appropriate Internal Audit Charter is an important element in providing assurance to the organisation that adequate arrangements are in place to provide the expected independent, objective opinion. The Charter must be reviewed and approved on an annual basis. The Charter complies with the Public Internal Audit Standards. Changes to the Charter are minor and are shown in the revised Charter. The revised Charter is attached as **Appendix 1**.
- 3.3 The Internal Audit Protocol supports the charter and gives detail as to the protocol of Internal Audit. It ensures that a consistent approach is applied to all audit work – including follow ups, establishes a timetable for management to respond to audit reports, and details reporting protocol within the Authority. The Internal Audit Protocol is attached as **Appendix 2**. There are no significant changes to the protocol.
